

**REMARKS/ARGUMENTS**

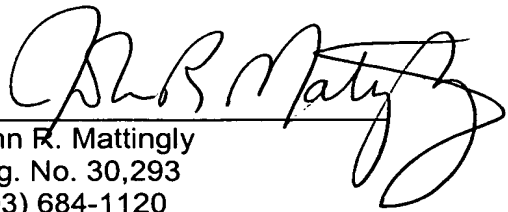

Applicants have amended claims 22 and 33-35 after receiving a Notice of Allowance mailed April 20, 2005. The preamble of each of the claims has been amended to be consistent with the preamble of the corresponding claim from which it depends. Entry of the amendments to the claims is requested since none of the amendments is directed to changing the scope of the claims.

The requirement for amending the claims in the manner set forth herein was not realized until after receipt of the Notice of Allowance. Accordingly, the changes were not earlier presented before allowance.

Entry of the foregoing amendments is respectfully requested.

Respectfully submitted,

MATTINGLY, STANGER, MALUR & BRUNDIDGE, P.C.
